Please join us for ClearOne University's upcoming **Pro Audio Training Webinars,** June 19th and 20th.

Why Train with ClearOne? Provide even more value to your customers by becoming ClearOne Trained on the latest and most innovative audio products for your conferencing needs.

Subject: Converge Pro 2; Pro Console; and BMA CT

- Learn about the ClearOne Advanced Pro Audio Conferencing products
- Learn about the **JUST RELEASED BMA CT**, Beamforming Mic Array Ceiling Tile with ClearOne's patented technology, along with the advantages of ClearOne Architecture to enhance your project, simplify it, and reduce cost.
- Learn how work with **Pro Console Software** and the fundamentals of Audio Routing and Acoustic Echo Cancellation.
- Learn the basics of the **C-Link and P-Link** for connecting multiple devices in a unified system.
- Learn how to do firmware updates on all products easily and fast.
- Learn how to build and deploy a project using the **new BMA CT**
- See **live demos** of these products in action.

Media: Webinar using ClearOne's Collaborate Space
Invites will be sent a link ahead of the class to join
2, 2-hour webinar sessions
